Cloti

Design: Nicola Gallizia

① Cloti è una poltrona lounge pensata per interpretare il comfort con un linguaggio contemporaneo e essenziale. La silhouette si articola in una composizione armoniosa di volumi pieni e linee dolcemente curvate: la base solida e generosa ospita una seduta ampia, capace di accogliere con naturalezza, mentre lo schienale imbottito offre sostegno e morbidezza. I braccioli avvolgenti, anche loro imbottiti, disegnano una fascia fluida che incornicia la seduta con eleganza discreta. Cloti è disponibile in più varianti: completamente rivestita in pelle, interamente in tessuto, oppure con cuscini di seduta e schienale in tessuto e braccioli in pelle, per rispondere a esigenze estetiche differenti. Le strutture in legno sono proposte in frassino naturale, wengé e tinta noce, ampliando ulteriormente le possibilità di personalizzazione e inserimento in contesti progettuali eterogenei.

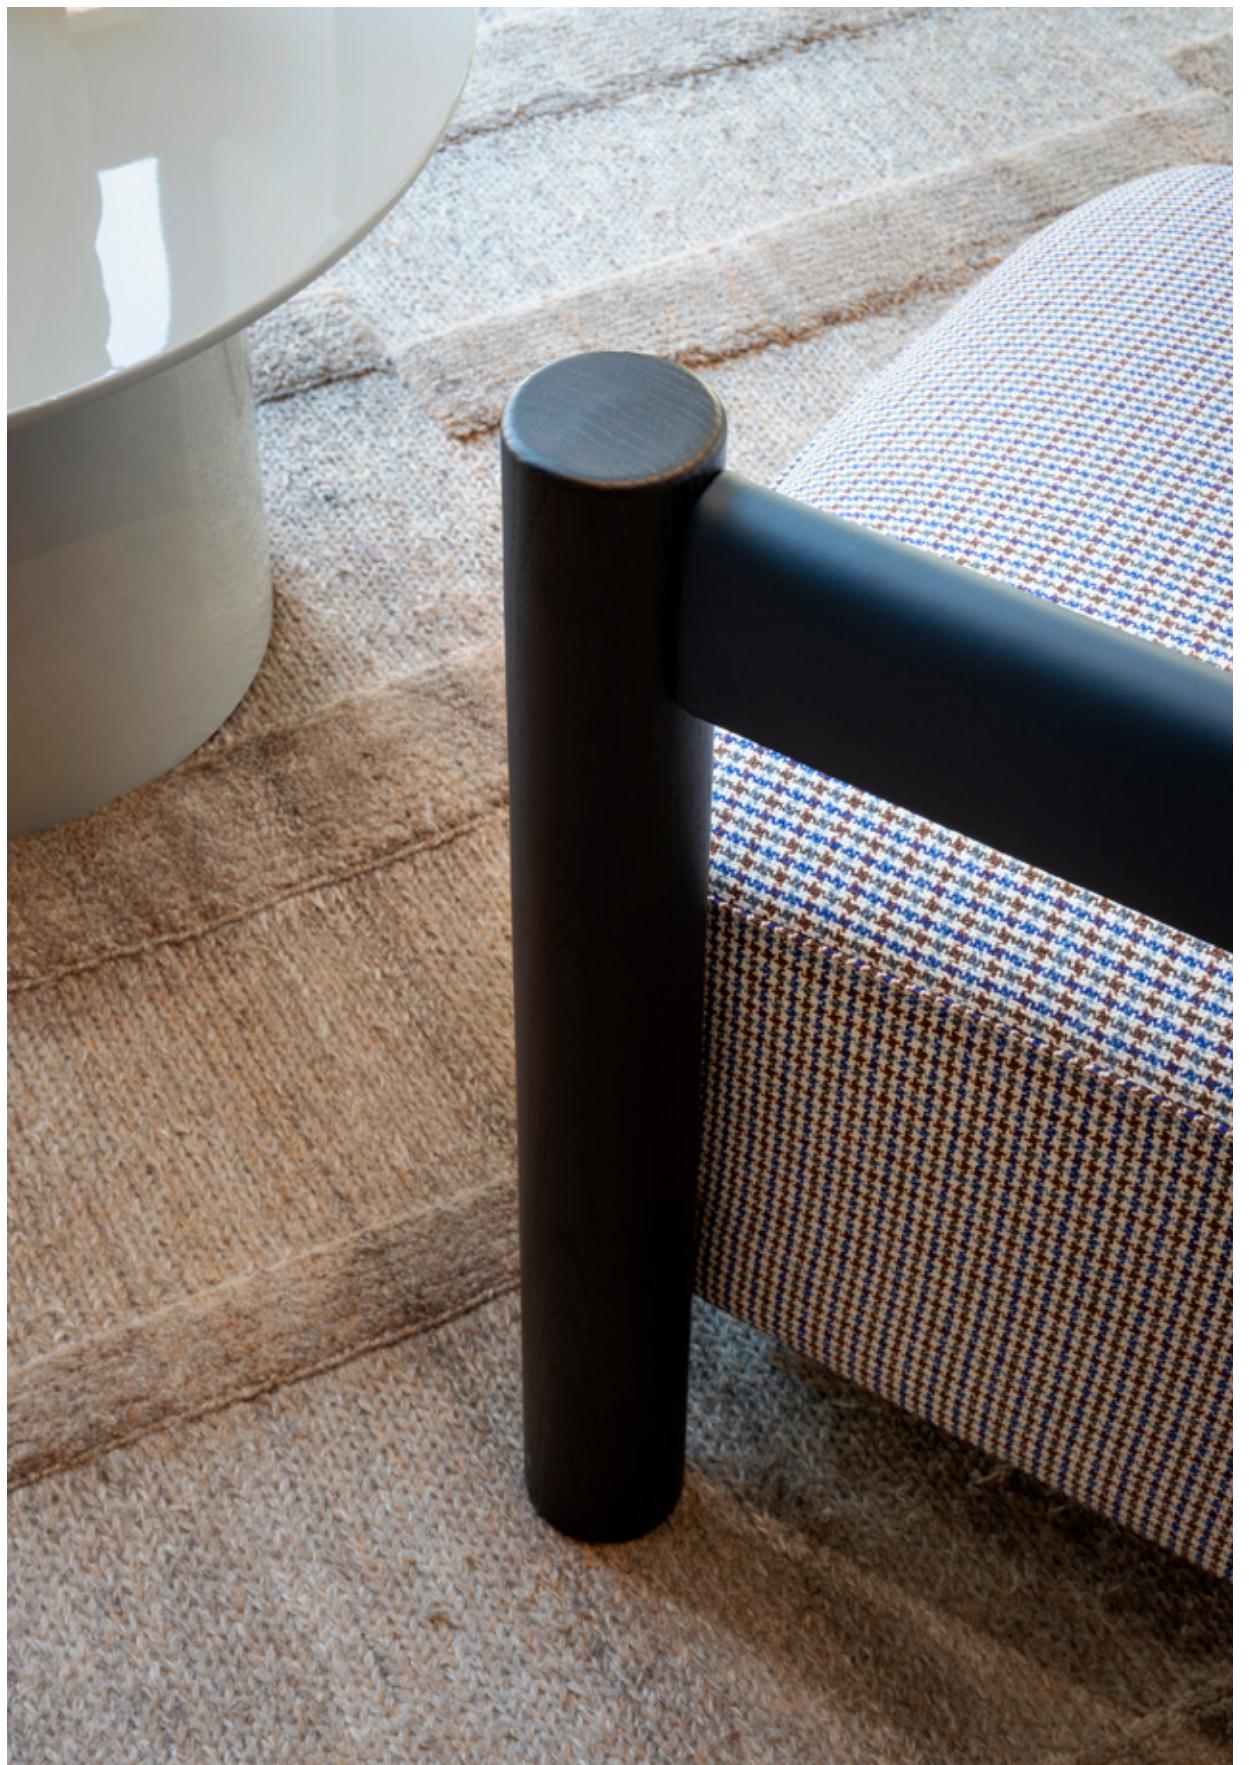

② Cloti is a lounge armchair that interprets comfort in a contemporary and essential language. In silhouette it is a harmonious composition of full volumes and gentle curves, while the solid and generous base houses a wide, welcoming seat with support and softness provided by the padded backrest. The enveloping armrests, also padded, resemble a fluid band, discreetly and elegantly encircling the seat. Cloti is available in several options to meet different aesthetic needs - either covered entirely in leather or fabric, or with seat and back cushions in fabric and armrests in leather. The wooden frames are available in natural ash, wenge and walnut stain, expanding the scope for customisation and use in various design contexts.

Cloti (Lounge Armchair)

Blyn

Design: Oscar e Gabriele Buratti

^I Blyn è una famiglia di sedute, composta da sedia, poltroncina e sgabello, che esprime una sottile eleganza e si presenta con una linea asciutta ed essenziale. Interamente rivestita in cuoio, gambe incluse, Blyn è caratterizzata da uno schienale convesso imbottito e confortevole, dalle dimensioni generose. Il rivestimento in cuoio viene cucito e calzato a mano sullo scheletro in acciaio quasi come fosse un abito sartoriale.

^E The Blyn collection, comprising of a chair, an armchair and a stool, has the subtle elegance of clean, simple forms. Upholstered in saddle leather throughout, including the legs, Blyn features a comfortable and generously proportioned padded curved backrest. The leather upholstery is stitched and fitted by hand on the steel frame almost like a tailored suit.

Myon

Design: Oscar e Gabriele Buratti

I Myon è una famiglia di tavoli e tavolini caratterizzata da semplicità costruttiva e da forme dalla forte matrice geometrica. La forza garbata del suo design si traduce in sottili piani circolari che si contrappongono a solide e imponenti basi cilindriche. I tavoli da pranzo, armonici nelle forme generose, sono caratterizzati dalla simmetria compositiva tra top e base. Disponibili con piano ovale e tondo, ciascuno in due dimensioni, rappresentano un invito alla convivialità. Le nuove finiture, caratterizzate dall'introduzione del basamento in legno in 3 differenti finiture e dei piani in travertino o in altri marmi in collezione, preservano l'essenza del disegno originale, conferendogli al contempo un'identità completamente rinnovata. Questa versione materica si differenzia profondamente dalle varianti laccate, arricchendo il prodotto di nuove qualità estetiche e funzionali.

Myon is a range of tables and coffee tables featuring simplicity of construction and a strongly geometric form. The graceful power of its design presents slim circular surfaces which contrast with the solid and imposing cylindrical bases. The dining tables, in pleasing generous sizes, feature a structural symmetry between top and base. Available with an oval or round top, glossy lacquered or in marble, each in two sizes, they are a natural focus for reunions with friends and family. The wooden base is offered in 3 different finishes with tops in travertine or other marbles of the collection, preserving the essence of the original design while giving it a completely new identity. This version, designed with new materials and profoundly different from the lacquered variants, enriches the product with new aesthetic and functional qualities that make it a natural fit in sophisticated and refined environments.

Clubby Dining

Design: Christophe Pillet

① La famiglia Clubby si arricchisce con la poltrona e il pouf dining. Particolamente adatta agli spazi comuni e agli utilizzi più legati al mondo del contract, grazie alle loro proporzioni contenute e alla molteplicità di rivestimenti disponibili. Il pouf può essere in pelle o tessuto, e la dining armchair lascia spazio alla personalizzazione: scocca in cuoio e interno in pelle o tessuto, monomaterica tutta in pelle o tutta in tessuto, esterno in pelle ed interno in tessuto o viceversa, oltre alle particolari versioni con scocca rivestita in pelle intrecciata, ideali per progetti su misura.

④ The Clubby family is enhanced by the addition of the dining armchair and pouf. They are particularly suited for shared spaces and are most commonly associated with the contract sector, as a result of their compact proportions and the wide range of available upholsteries. The pouf comes in leather or fabric, and the dining armchair leaves ample room for customization: with the shell in saddle leather and fabric or leather on the front, mono-material with full leather or fabric upholstery, with the shell in leather and front in fabric or viceversa. There are also special versions with the shell covered in woven leather, ideal for custom designs.

Product Updates 24/25

Syren

Design: Oscar e Gabriele Buratti

① Syren, è una poltroncina dining articolata in equilibrio tra morbidezza e leggerezza. La sua struttura in tubolare metallico funge da sostegno per l'ampia fascia in cuoio che avvolge e contiene gli elementi imbottiti. La seduta, particolarmente confortevole grazie al suo ampio cuscino, offre una sensazione di comfort totale, mentre lo schienale si adatta ergonomicamente al corpo. La struttura in metallo si contrappone invece per leggerezza e profili sottili. Un rigore contemporaneo, che trae ispirazione dal passato.

② Syren is a dining chair that expresses a delicate balance between softness and lightness. Its tubular metal structure supports the wide saddle leather band that envelops and contains the upholstered elements. The seat, particularly comfortable with its large cushion, provides a feeling of total comfort, while the backrest ergonomically adapts to the body. The metal frame shows a contrasting lightness of slender profiles. It embodies a contemporary rigor that draws its inspiration from the past.

Syren

Design: Oscar e Gabriele Buratti

① Articolato tra morbidezza e leggerezza, Syren è un divanetto due posti caratterizzato da una struttura in tubolare metallico che funge da supporto per l'ampia fascia in cuoio che avvolge e contiene gli elementi imbottiti. La comoda seduta è composta da un unico cuscino strutturale, voluminoso e con una forte presenza estetica. Lo schienale e i braccioli sono invece pensati come cuscini mobili e soffici, che si adattano al corpo per una sensazione di comfort totale. Un rigore contemporaneo, che trae ispirazione dal passato.

② In between softness and lightness, Syren is a two-seater sofa characterized by a tubular metal frame that supports the wide saddle leather band that envelops the padded elements. The comfortable seat consists of a single structural cushion that is both voluminous and visually appealing, while the backrest and armrests are designed as soft mobile cushions that adapt to the contours of the body for total comfort. It embodies a contemporary rigor that draws its inspiration from the past.

Hug

Design: Werner Aisslinger

① Hug è un divano modulare caratterizzato da curve morbide e grande comfort. Le sue linee straordinariamente semplici richiamano la classicità. Offre un'esperienza di comfort estremo grazie alle sue imbottiture generose e soffici. La sua modularità consente composizioni lineari e angolari oppure personalizzate, con dimensioni e forme differenti. I volumi sono accoglienti, gli schienali alti e avvolgenti, i braccioli leggermente piegati verso l'esterno quasi come dei petali, richiamando forme organiche del mondo della botanica.

② Hug is a modular sofa characterized by soft curves, great comfort and extraordinarily simple lines able to evoke classic style. Designed to grace any space, Hug Sofa offers the extreme comfort of soft, generous padding: the seat cushions, backrests and armrests are completed with a layer of memory foam and wadding for enhanced softness. Modularity makes it possible to create customised linear and angular layouts of varied sizes and shapes. The volumes are welcoming, with high enveloping backrests and the armrests slightly curved outwards almost like petals, recalling organic forms from the botanical world.
